## Statement of CPNI Procedures and Compliance

C3 Teknologies, LLC ("C3") does not use or permit access to CPNI to market any telecommunications or non-telecommunications services. Should C3 elect to use CPNI in future marketing efforts, it will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

During 2014, C3 provided only wholesale services and did not have access to any customer call detail information. Consequently, the CPNI rules related to protection of call detail are not applicable. In the event that C3 provides services in the future that generate associated call detail information, C3 understands its obligation to protect that information, and will implement appropriate policies and procedures to ensure compliance with the FCC rules.

C3 understands its obligation to notify law enforcement in the event of a breach of customers' CPNI. If C3 in the future provides any services that generate call detail information that could be subject to possible disclosure, it will implement appropriate policies and procedures to ensure compliance with the FCC rules with respect to law enforcement and customer notifications of such breaches.
